

**Job Title:** Tech Trainer (Upper Primary Schools - Gujarat Region)

**Job Location:** Ahmedabad, Gandhinagar, Kheda, Mehsana (Upper Primary Schools)

**Job Type:** Full-time (On-site Training Across the Year)

**Job Description:**

We are looking for enthusiastic and passionate Tech Trainers to conduct engaging training sessions for students of upper primary schools across Gujarat (Ahmedabad, Gandhinagar, Kheda, Mehsana). The trainer will be responsible for teaching basic and intermediate-level coding and innovation tools throughout the academic year.

**Key Responsibilities:**

- Teach block-based coding using Visual Programming
- Conduct sessions on 3D design, Tinkercad, electronics, and simulations
- Guide students in creating mobile apps using MIT App Inventor
- Ensure hands-on and activity-based learning
- Regularly visit assigned schools and maintain attendance/ feedback records
- Inspire young minds and promote innovation through fun learning

**Required Skills:**

- Good communication in Gujarati and basic English
- Basic knowledge of programming logic and tools like Visual programming, Tinkercad, and App Inventor
- Passion for teaching and interacting with school children
- Ability to travel to assigned schools
- Tool efficiency - Scratch, Thunkable, Blockly, PictoBlox (AI & ML integration), TinkerCAD, MIT App Inventor, M-Code and similar tools

**Qualifications (Any one):**

- B.Sc./ M.Sc. (Computer Science/ IT/ Physics)
- BCA/ MCA
- BE/ B.Tech (any stream with proficiency in electronics, coding, and 3D design)
- Diploma (Computer /IT/ Electronics)
- Any relevant degree with strong block-based coding knowledge

**Preferred Experience:** Freshers or candidates with experience in STEM/ ATL training, school workshops, or similar fields are welcome.
